

REMARKS

Paragraph [0019] of the specification has been amended to correct several minor typographical errors therein.

The courtesy of the Examiner in granting the undersigned attorney a personal interview on October 21, 2009 is gratefully acknowledged. During that interview, Claim 1 was discussed in light of the Coanda and Currie references. It was agreed that Claim 1 would distinguish over the art of record if re-written to recite that the cross sectional area of the hollow body increases step-wise at a height on the body that relates to a predetermined flow rate of fluid through the outlet. By entry of this Amendment, Claim 1 has been so amended. Therefore, it is believed that the application is condition for allowance.

Respectfully submitted,
